

## APPENDIX B: EMCOG 2016 FIVE-YEAR CEDS IMPLEMENTATION MATRIX

A strong implementation strategy can be key to bringing a plan to fruition. Identifying opportunities and the steps needed to make them a reality is not enough. Setting priorities is perhaps the most important role that a solid implementation strategy should fulfill. Having a set of clearly established priorities is essential for effective use of public resources. Appendix B includes all Actions within the Objectives for each of the five (5) CEDS Goals from Chapter four of the CEDS, along with the identification of potential partners for each Action and the estimated start up timeframe.
